FPEP Administrative Rule Changes

We are updating the FPEP administrative rules to: 1) allow FPEP clients to receive contraceptive supply refills via mail; and 2) give FPEP applicants a reasonable opportunity period in which to provide documentation of U.S. citizenship, as required by the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA). The revised rule text can be found online at: http://www.oregon.gov/DHS/ph/fp/about_us.shtml. To comment on these revisions please submit written comments to the Public Health Division's Rules Coordinator by October 26, 2009 at 5pm or attend a public hearing at 800 NE Oregon Street, Room 1A, Portland OR 97323 on October 23, 2009 at 3pm.

Apply to become a SafeSite for the Great American Condom Campaign - Fall Semester 2009!

Advocates for Youth is sponsoring the Great American Condom Campaign, a youth-led grassroots movement to reduce unintended pregnancies and the spread of HIV and other sexually transmitted infections by normalizing condom use on college and university campuses. Students across the country apply to become SafeSites or individual condom distribution points. Students at college and university campuses with limited or no condom access are prioritized during the application process. Once selected, SafeSites receive a box of 500 Trojan condoms to distribute to their peers. SafeSites are also tasked with educating their peers about safer sex and advocating on campus and within their community for the sexual and reproductive health rights of young adults.

To apply and learn more about the Great American Condom Campaign, check out their [website](#) or [Advocates for Youth](#).

Applications will be open through September 27th.
